“ I worked with Mike at the food bank for over 8 years. I've been already missing him for the last few weeks. I enjoyed joking with him and will miss seeing him every week. He has volunteered his time 4 days a week for YEARS and will be sorely missed. I'm so sad that I won't see him anymore. RIP Mike

“ I knew Michael for about 18 yrs he was family to all of my family . He never missed giving a card on any of our kids birthdays or anniversaries or any holiday . He lived behind my parents for about 15 yrs and he & my dad were very close as well as my mother they would have their evening discussions about politics and religion . I know she is so going to miss that ! He could take a joke and laugh at himself that was such a good quality about him . I miss seeing his car there everyday even though the minute I pulled behind he had to leave, oh that would drive me crazy. I would do anything now to have to move my car a 100 times if he was still with us . My family Larry , Linda and my sisters were with Michael a lot and he will be missed so dearly . He loved going to the food bank and helping Penny Archer and her crew out they were like his 2nd family and I know his face will definitley be missed. I miss you and love you Michael, Krisie Mcfarlen
