“ Uncle Jim always had a smile on his face. I will never forget getting to ride in his big truck. He picked me up in Seattle and went to Moses Lake. Loved that ride.

“ When I was a young teenager and wanted to learn how to drive the semi's dad would run out of patience with me so uncle Jim would take me with him. He had me handling the big rigs in no time. I would go with him during summer break to California, Seattle etc. every chance I got. He was always a great guy to hang around with. Loved him dearly and will miss him much. Rip uncle Jim
