“ Mom was so much more than words can say. She overcame so much and I am so glad Savannah got to know her grandma. I wish Jayde could have had more time but I sure will share with her how great her grandma was and how much she loves them. I smile at the memories but cry cuz I wish she was here to make more.

“ I met Gail back in 1975, we became best friends and sister-in-laws soon after. Gail could light up a room with her smile! We had so much fun together, and she could cook like no one else. Our sons grew up together, they were a handful, but what fun they had. We did some crazy stuff, and we enjoyed it all. I will miss you my dear friend, and cherish every memory of you.

“ I met Gail in 1975, we became best friends and sister-in-laws around the same time. We had so much fun together, our sons grew up together they were a handful, she had a way with children that I never seen before. The kids were drawn to her, they all loved their Aunt Gail. I will miss her smile, her sense of humor and not to mention her cooking! I always looked forward to one of her meals. I will miss you Gail always and cherish the memories I have of you.

“ I met Gail in 1975, we became best friends and sister-in-laws around the same time. We had so much fun together, she meant so much to me and my family. Always there whenever you needed her with her wonderful smile and great sense of humor. We would get together and play cards, or just talk and she always made me smile. Our boys grew up together, they were a handful as little guys, she had a special way with children, they all loved their Aunt Gail. I will miss you Gail always, I will cherish the memories I have of you, I have so many I could go on forever. You will be missed, love you forever.

“ I have known Gail since I was 11 years old. She was very kind to me. She always played the scratch tickets and I have never seen her lose any of them. I'm surely gonna miss her.

“ I have known Gail since I was 7-8 years old. She was always so nice to everyone even us younger kids! She started dating my brother and then became my sister in law! But she was much more than that! She was my big sister(I had just lost mine to drowning). She was my idol; she told me about boys, horses, taught me how to play cards! Gail was instrumental in get togethers , family dinners , family garden,canning and cooking together! She was an excellent cook!! For a young girl growing up in a mostly male family; I cherished our relationship ... She kept me away from those brothers of mine!! Gail helped me get through puberty, gave me advice on my first boyfriend, encouraged me to get good grades and to do my best always. She will never know how much she ment to me; I regret that I never had the chance to tell her ... Well , Dear Gail I know you are at peace and I am happy for you ... I will see you again and maybe we can start up a game of rummy!! Love you very much my friend/sister!!

“ I'm so sorry to hear of Gail's passing. I was happy to have Gail and Gary join our vast group of cousins when they moved to the farm. Uncle Rudy was so happy and proud of his new family. What fun times we had growing up together. Praying that you all find peace and comfort in the days ahead.
Love, Sandi.
