“ One of my fondest memories of Lloyd was when he came and got Bobby and I to help them load a huge pig in a trailer! Needless to say Bobby and I got the honorary position behind the pig! Lloyd was like a second dad to me, I lived with them for a short time and he made me feel like one of his sons! And he made some tasty homemade wine! I'm sorry I wasn't able to come to Moses Lake as I live in Texas but Carol your dad was a great man!

“ I will remember Lloyd for the kind strong caring man he was. From the time I met his son Tim, I learned that we had at least one thing in common. Our two Fathers worked hard, loved their family and earned respect of their friends and family. His kindness that was obvious to all who had the chance to know him, could never be mistaken for weakness. He was a man who said what he meant and did what he said he would. I hope that the Love all his family have for this beautiful man will continue and be shared with one another, for that truly would be a great tribute to Lloyd. Alda I hope that you find comfort in your family and in the memories of a lifetime spent with someone who loved you so much.

“ My grandpa was a truly amazing man. He will be missed very much. I remember when I was younger if I was sick and had to stay home from school I would go over to grandma and grandpa's house and lay on the floor with yogi right next to grandpa on the couch and watch the rodeo and cooking shows all day. He was always there, for anyone and anything no matter how big or how small. I was the first granddaughter to insist on going fishing with the boys and my grandpa was so proud, I caught my limit for the day before anyone on that trip to Jameson. As I've grown older and started my own family I never lost touch with my grandpa. I called just about every single week to talk to him about the machines I was working on and he lived to hear about what trouble his great grandsons were causing me. I love you grandpa. This world just won't be the same without you.
