“ My heart goes out to the Silva/Deleon families! Trystan always remember me for being the first one to take him on his first taxi ride and to the tattoo shop! If we stayed the night at Becky we for sure had to use his bedroom to sleep because he made sure to let us know he was the only one that's sleeps in his moms bed! You will be forever missed! I know your holding your mom hand and giving her the courage and strength that she needs today!

“ i first met trystan when our family went camping together. we hit off right away and started in contact after the camping trip. one of the next times i hung out with him was new year's and we hung out all night driving around in the sand dunes and me and my sister ended up staying the night at his house and we stayed up all night and went sledding at like 6 in the morning. we tied a rope to the back of the gator we got drag behind it on a boat tube. the next day we ended up going back to spokane with him and his family and spent the whole weekend with them. it was the weekend our relationship began. it meant so much to me, i will never forget it.
