“ *I will always miss Tony. He was truly a great friend. I just wish I could tell stories and jokes like he could. We had a good time solving all the world's problems. What a great memory he had.*

I know he said to all the gals, "hello darlin," but it was always really special to me.

Renie, I'll be waiting to hear from you when we can go have lunch together, okay?##imported-begin## Barb Main##imported-end##

“ Renie, and family: I can remember the first time I met Tony when he came into our store(Big Wally's) and headed straight to the tackle shop. He and Gordon spent lots of hours, talking fishing. Not sure they accomplished much but the love they shared about fishing was enough for them. Our thoughts and prayers are with your family at this most difficult time. We pray that the many memories you have will help you through the next phase of your life without him. Our love to all of you.....Gordon and Marge###imported-begin##Gordon and Marge Steinmetz###imported-end##

“ We were so saddened to hear of Tonys passing. He was a very impressionable person and anyone that got the chance to meet him will miss him. Our thoughts and prayers go out to Rene, Sandy and Tony. Tony was Never afraid to call it as He saw it. I went over to their house in Bothell to help finish building a deck when Sandys foot was injured and in a cast or boot. I brought a half case of Coors ligt with me. Tony promptly told me to take my beer and either throw it away or put it back in my truck and if i wanted a beer to grab one out of the garage that had an animal on because that was real beer. oh yah and he also told me never to bring Coors light over to his house again. Tony you will be greatly missed by all those you touched over the years! God bless###imported-begin###David Gilbert###imported-end###

“ For my friend Tony,
I met Tony about 7 years ago at a outdoor Walleye Club Meeting in Cascade Park. Tony and I found out we had many things uncommon from hunting elk and salmon fishing on the west side to most all hunting and fishing spicies here on the east side of the state. The club meeting was over about 8pm and all the members went home except for me and Tony. Tony and I sat on the tail gate of our trucks and shared outdoor stories. I got home just before midnight. Since that night me and Tony spent many days fishing next to each other when there were no others out fishing. I'll miss you Tony and will see you later. I know God will find you big enough to keep.

“ Even with a broken heart, its hard not to smile & laugh when thinking of my dad. He was such a unique guy that, under the grumpy exterior, was a loyal, witty character who loved his family. We weren't always the best of friends during my younger adult years but I cherish that over the last few years we became friends. I remember the first time he called me on my birthday. During the call I could picture my mom standing behind him, holding a frying pan forcing him to make the call only to find out she knew nothing about him calling & hadn't even reminded him it was my birthday. He remembered & called on his own. I knew then our relationship had changed for the better.

Thank you Dad for all you've done for me & helped make me the person I am today. I love you!##imported-begin##Sandy##imported-end##

“ Tony was a great guy . I truely beleive he cherished three things in life , his wife (my sister), kids (the hurricanes coming in Tony and Sandy) and Fishing . In that order . I can't beleive when we were out there to visit and we were out dancing and parting untill I think 3am , he and Renie went back out fishing . They came home with this humongous salmon . But he did snore for hours after that (even through the party) .He use to pick me up on route 52 every morning to give me a ride to work and always said something like get a hair cut , I'd say OK . The next day , same thing and always with a smile on his face . You will be missed my friend and brother in law . PS , say hi to Gail###imported-begin###Ron Forster###imported-end###

“ Renie, we are so sorry for your loss. I too will miss a hunting and fishing partner. I never knew that I could spend the greater part of the day in boat fishing, yet Tony made it so easy. Mostly because we were always catching fish and telling stories about everything. Our love and prayers are with you and your family during your time of grief.###imported-begin###Mikel and Debbie Lewis###imported-end###

“ So many years, yet so little time. We have had many adventures, friends, good times and loving moments in our life together. We have had 2 beautiful children together and now 2 grandchildren, in which, I am so grateful for. I have spent the morning going through all our pictures, bringing back all the memories. My heart is breaking because you have always been my "rock". What am I going to do without my partner? I will love and miss my sole mate for the rest of my life. Forever mine!##imported-begin##Renie##imported-end##
