Bobbie Lynch (Barbara Hartwig) August 10, 1928 - July 11, 2023

Barbara, known to most as Bobbie, decided she was ready to leave her earthly body behind on July 11, 2023, and begin her new adventure with all of the loved ones waiting for her on the other side.

Barbara Houchens (Senter) was born on August 10, 1928. After marrying Charles Lynch in 1946, Bobbie and Chuck raised four children in the Kettle Falls area, while she waitressed at Freddie's Cafe. In 1965, the Lynch family moved to Royal City where Bobbie worked at the Titan Cafe, Royal City Market, and the Royal City School district, from which she retired.

Nothing meant more to Bobbie than her family. Being Nana to 9 grandchildren, 26 great grandchildren (soon to be 27), and 1 soon to be great-great grandchild, was one of her greatest joys. Bobbie's strength, stubbornness, and sass lives on in all of us.

Anyone who was privileged to spend time with Bobbie understands how she is simply unforgettable. Never one to mince words, we could always count on Bobbie to give her unfiltered opinion, and you could agree with her, or you could be wrong. Even in recent years, as her body began to fail her, Bobbie never lost her sense of humor, her quick wit, or her swift left hook.

Bobbie was preceded in death by her parents, son Charley, husband Charles, and her second husband Bud. Bobbie's legacy lives on in her surviving children, Lynda (Andy) Anderson, Bonney (Spud) Brown, and Kelly (Janie) Lynch, her grandchildren, great grandchildren, great - great grandchild, and numerous other family and friends whom she adored immensely.

A celebration of life will be held at a later date.

Bobbie's family would like to thank the staff of Avermere, Summerwood Alzheimer's Care Center, and Hospice for their impeccable care of her in recent years.

In lieu of flowers, donations may be made to Summerwood Alzheimer's Care Center and to the Alzheimer's walk September 17, 2023.

“ I enjoyed talking to Bobbie and was saddened when she moved from Avamere. She has a way of making everything funny. She quite often asked me where he cat was.

“ To all of Bobbie's family,

It was a pleasure to know Bobbie and call her a friend. She was always fun to be around and to associate with. I will always remember her checking us out at the grocery store or communicating with her at the school office for any reason or need that might arise. She always helped you with a smile on her face and made sure your need was taken care of. What a special lady to have known. My thoughts and prayers are with all of you during this difficult time.
