“ Brian was a dear friend of mine who I was lucky enough to work with as an Analyst at the IRS. We went to lunch together at least once a week. Brian enjoyed music and live performances. After retirement, we would meet for coffee or dinner every few months. He suffered from many health issues after he was in a car accident. His health continued to decline and had more surgeries than anyone should have too. I miss Brian and his easy smile and his love for all his pups! I know he is singing and dancing with his friends and pups on the other side of the rainbow bridge! ~Danielle
