“ *A better Grandmother to my children, this world could never know. I have to sadly admit that there is so much that I do not know about Candy, her favorite recipe or clothing store for instance.*

But, I know the warmth of her love and kindness. I know her caring nature, the things that make her laugh, things that have inspired her, and the joys she created in my life- but especially for Austin and Brooke as their Grandmother. From the fun lessons she gave on taco casserole or cookies, to the feelings of satisfaction she brought by teaching many of us how to quilt, can beans, make jelly, budget, and create a loving home. She was quick to give stern admonitions for texting and driving, and gentle when comforting the spirits of those wounded by life's ups and downs. Devoted to all who were blessed to be loved by her. Loved by all who knew her. Worshipped by her husband, his ever present friend, nurse, companion- soul mate.

I will miss her so. She had so much life left to live, so many more lessons to teach others, so many more joys to experience and love to share. We have been robbed of her beautiful light!

I am so glad that my children got to have a Grandmother like her, benefiting greatly from her love, which will never be diminished. She will live on for many generations through her recipes, quilts, and much much more.

“ *Our heartfelt condolences to the family of Candy. We became friends with Candy and Dale in the early 90's through the Red Bandanna RV Club. We were all officers in that group and Candy and Dale were instrumental in creating the Capps 99 RV club. Again we were all officers in that club. Many many happy times together with these two RV groups, including a trip to Calgary with our RV's. We lost contact with them for a few years but found them again when we decided to move to Moses Lake. They were building a home across the lake from us. We helped them celebrate with a dinner in their framed home with no windows and no electricity, reminiscing about the many fun weekends we have spent together in our RV. Candy was such a special person, we loved her dearly. She was the closer for our home when it was finally finished, It is so hard to realize she has been called home. We will miss all the visits, dinners, evenings out, holidays and texts exchanged between us. There is a huge hole in our hearts. May you rest in peace gracious lady. Love you, Bill and Gloria Murphy*

“ *My sincerest sympathies to her family and I would like them to know that Candy was a pleasure to work with. I had numerous projects at the title company over many years. She was a true professional and one of the best escrow agents in the state. She will be missed.*
