Tribute Wall

“ Clinton,
Our hearts broke as we read about your passing today. You are in a much better place now with your loving wife whom you missed so very much. We will miss your smile. We always looked forward to you coming in to pick up your oxygen tanks. You always had a way to cheer us up. It was a pleasure and an honor to have you as our patient. You will always be one of our favorites. From all the employees at In Home Medical "Rest In Peace"###imported-begin###Emily Oronia ###imported-end###
