“ *I remember Concha with great fondness. As families we didn't get together all that often, but we definitely shared a family type kinship with all the Gonzalez's. Concha struck me as a tough "just get it done; no whining" woman. I loved and admired her and all the Gonzalez's. My deepest condolences.*

“ Concha would just show up in Pasco at my moms house and my mom would be so happy to see her. Mom would cook something and they would sit and eat and talk for hours. There was a time when I took my family along with my mom Vicky Guzman to Moses Lake to the Water park there. We set up in an area so we could eat and relax then we went swimming mom stayed where we set up. About 30 minutes went by and I went to check up on mom and low and behold there was Concha and my mom in the chairs relaxing. Mom had made them sandwiches and they were just happy as heck. Concha will always be a remembered in my family for her fierceness and the way she demanded respect but the way my mom and her would light up when they saw each other will always warm my heart.
