

Connie Rae Kennelly

October 16, 1950 - January 7, 2022

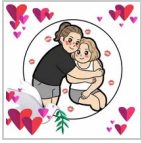

Connie Rae Kennelly, 71 of Moses Lake, WA passed away peacefully on January 7th, 2022. Connie was born in Renton, WA in 1950. She and her brother were raised on a farm with her loving parents Walt and Alice (Bischoff) Spies in Warden, WA. After graduating high school, Connie moved to Tri Cities, WA where she attended and graduated from Modern Business College with a degree in medical transcription. She went on to work for some amazing doctors in Kennewick and Richland. But, she found her home in the pathology department of Trios (KGH) Hospital. There she was able to continue her passion of transcription and billing until her retirement in 2011. After retirement she moved to Moses Lake, WA to be closer to family.

Connie was an amazing wife, mother and friend. She was incredibly sweet, kind and caring person who always thought of others needs before her own. She loved so many people and would do anything for a friend. If Connie wasn't working on of her two jobs, you could find her at home enjoying her yard work. She loved to get dirty in her flower bed. She was very proud of her rhododendrons! When she wasn't working or doing yard work, she loved to watch her all time favorite soap opera Days of Our Lives. She watched it for over 40 years. Connie was always involved in her children while they were growing up. Whether it was coaching her daughters cheer team or taking her son to soccer or basketball, raising her children was her pride and joy. She enjoyed watching them grow up and supported them no matter what! She is preceded in death by her parents Walt and Alice Spies and brother,

Theodore Spies. Connie is survived by her son Ryan Kennelly and wife Ashley of Tri Cities and Kami Kennelly of Moses Lake.

At her request there will be no services. The family kindly asks that in lieu of flowers, they would very much appreciate a card with your favorite memory of their mother.
