“ I will never forget all of the times you would call my name as soon as you heard my voice in the house. It was so hard trying to communicate with you due to me not knowing enough Spanish, but we still managed to try to talk even though I was so young. I wish I had more time with you than I did. I wish I would have known how much more this would hurt over time. I love you grandpa. I hope I've made you so proud.
