“ *So enjoyed Dolly while she served at Samaritan as Medical Staff Secretary. She welcomed us into the Samaritan family and worked hard at the many responsibilities of making sure the medical staff was property credentialed and ready to practice at the highest of quality. She and Dr. Irwin worked together closely.*

“ There was a point in my life where I spent almost as much time at your dinner table as I did my own. Looking back at all of the 4-H horse activities you were present at. I may even have a western shirt still tucked away somewhere that you made. Oh the memories. May God wrap your family in his loving arms as they work through this difficult time. Hugs and prayers to you all.
