

## Dolores Maria Soltero

May 9, 2026

Our mother and grandmother, Dolores Soltero, passed away May 9, 2026, after a long battle with multiple illnesses. She was 77 years old. My mother was a sister, a friend, and a widow. My mom was someone who loved to be at home. She enjoyed working on her flowerbeds, and just being outside. My mom does not want us to cry about her passing, she wanted us to share a laugh and raise a glass in celebration of her journey home.

ER

“ Familyfriends - Tia Lola was always good to me and always had a smile to share. We did not see each other often but we stopped and shared some time with her while travelling. She even let my wife and I spend the night with her once. She was my mom's little sister and she will be missed. Sincerest condolences.

“ *My sincerest condolences to my cousins. I am deeply sorry for the loss of your mother, my aunt. I fondly remember many memories that I share with her, including having the same name, and the times you would visit our grandparents in Mabton, as well as the occasions when your parents and mine would attend dances together. With love, please extend hugs and kisses to my mother, father, and grandparents, tio's and tia.*
