

## Dolores Maria Soltero

May 9, 2026

Our mother and grandmother, Dolores Soltero, passed away May 9, 2026, after a long battle with multiple illnesses. She was 77 years old. My mother was a sister, a friend, and a widow. My mom was someone who loved to be at home. She enjoyed working on her flowerbeds, and just being outside. My mom does not want us to cry about her passing, she wanted us to share a laugh and raise a glass in celebration of her journey home.
