“ Tor and Patty -
Our hearts aches for your loss. It's a tough time and not an easy thing to go through. Keep in your hearts all the great memeories you shared. Know that your mom, dad and Crissy are together once again. When such a big part of your life is taken from you it can be very difficult to deal with. Keep those memories close and be confident that one day you will be reunited. Take care and know that Lind and I are thinking about you and the family.
