Gail was an extraordinary teacher. She had a way about her that made each of her students feel special and was able to reach each of them in a way that was unique to only that student. She will be missed. I learned more about teaching and working with adult students than I ever did from any college class. My condolences to her family. Heaven has received a new star. Rhonda Corrick

“ We were saddened to hear of Gail's passing. My memories go back more than a half century to Minnesota when the many cousins would get together. Gail and my sister Kathy were the oldest women of the clan and all the cousins looked up to them. We didn't talk much in those days about role models but certainly Gail and Kathy were just that - wonderful role models.

Heartfelt condolences from Minnesota.

I worked with Gail back in the 1980's for many years and she was a great teacher, person and very caring mother for her girls. She always had a smile on her face and when I see her in town or out at the college she would always come up to me and give me a big hug. She will truly be missed by many. May you rest in peace and be with your husband who left way too soon. Debi Keyzer

Gail taught me so much about being a mother and a wife. I had a great mother, but Gail kind of put a new twist on it for me. She was modern, and so great as my friend. We met on the street, and maybe pushing a baby stroller, possibly both of us pregnant. It was love from there for me. Our husbands were great friends, and our kids the greatest friends. Thank you Gail, Beth, Leah. Miss you all so much. Wanted to come to funeral, but Kris said weather too bad, so he will be there for me. How fun it will be to see Rod, Art, and Gail when it is my time. Thank you God for my special time with all of them. Dianne

“ Gail was a special lady in my life. She was a very kind person that was always willing to lend an ear and did anything she could to help. She was also integral in helping me with figuring out the direction that I needed to go in my life and help be the stepping stone to building my confidence to get there. She has always been, will always be, remembered.

“ *Our thoughts are with you, Beth, Leah and family.
Gail was such a wonderful person. I can't even begin to think of
where my life would be without the encouragement and support she
gave me to not be afraid to go to college and pursue a new career!
She was always so caring and compassionate about her students.
May your memories give you comfort through this difficult time. She
will be greatly missed and always remembered!*
