Gladys P. Tracy was born June 4, 1917 at home on their family farm outside of Webster, Iowa. She was the first child of Edgar J. and Pearl E. Dillon followed by younger brothers, Frank and Robert. They grew with both set of grandparents, aunts, uncles, and cousins farming close by. When she graduated from high school, she took the job of school teacher at the White Pigeon country school teaching grades 1-8 for two years. When she decided to attend college, her father paid for her first year's tuition to the University of Iowa with 4 cows. She originally majored in Music but switched to Nursing. She worked as a nanny, painted the interiors of houses and school rooms and did other odd jobs to pay her way through school. She met her future husband and life partner, Harold Tracy while on a blind date when he was in medical school. Gladys graduated with a Bachelor of Science degree in the spring of 1942 from the University of Iowa and enlisted in the Army Nursing Corps. She married Harold on a weekend in St. Louis, MO on Oct. 17, 1942. She couldn't tell anyone in the Army that she was married because it would have been

grounds for discharge. Mom was honorably discharged, as a Second Lieutenant, in the fall of 1943 when she had to tell the Army she was married and pregnant with Larry.

Gladys used her nursing skills to volunteer for the American Red Cross and care for her seven children. She was active in the Moses Lake Presbyterian Church once they moved to Moses Lake in 1949. Her other activities included being in a cub scout den mother; PTA; Salvation Army Board (ringing the bell each Christmas in front of the stores and taking kids to summer camp); active member of PEO Chapter ER with several of her dear friends, member of DAR Chapter Karneetsa; founder and member of Community Concert; baked pies (especially cherry) for Rotary Club Fund Raisers; hosted 5 foreign exchange students through the Moses Lake Rotary Club; knitted 100-150 mittens for 7-8 years up until 4 years ago (she hated to think of kids having cold hands after walking to school herself during Iowa winters) as well as Christmas stockings for all the kids, grandkids, and great grandkids; traveled the world with Harold, and was active in the Republican Party.

Gladys had an amazing musical talent, which enabled her to hear a tune and play it "by ear" on the piano or organ without printed music. Gladys believed education was important for all. She was a devout Christian, who internalized Christ's teaching and showed in her daily actions throughout her life. Up until three years ago, she read her Bible front to back 3 times a year. She never criticized other people for their beliefs and preferred to show caring and acceptance for others. She lived her life with joy and gratitude for everyone she met, and especially all the people she grew to know dearly in Moses Lake. She has left all her family and friends with a great example to follow on how to live life.

She was preceded in death by her husband, Dr. Harold L. Tracy MD and son, Kenneth D. Tracy. She is survived by her children Larry and Nancy Tracy, Ronald and Bennie Tracy, Barbara Tracy and Jay VanSant, Robert and Virginia Tracy, Steven and Camilla Tracy, Trish Tracy, and Donald Tracy: 16 grandchildren, 17 great-grandchildren, and one great-great-grandchild.

“ It has been an honor and a privilege to know and love Gladys Tracy. We have been in a variety of roles and relationships since we first met 57 years ago. She has been a mother-in-law, a grandmother and great grandmother, a former mother-in-law, and friend. She navigated all these changes with generosity, grace and style. I will be forever grateful for the many life lessons she taught me through the way she lived. I will miss her.

“ I will always remember her warm heart, gentle spirit, and caring about others. Whenever I think of her, I remember the popcorn she used to pack the goodies in my care package. Her light is in heaven now.

“ I have many fond memories as a small girl walking to Tracy's house. Gladys was most often found in the kitchen frequently baking cookies, no wonder I seemed to wander in that direction. She was so patient and kind, showing concern for others, and sharing her talents always. She will be greatly missed, but remembered fondly by many.
