“ My great-grandma Hazel was an amazing woman; a kind heart and strong-willed, her charming character warmed every room she walked into. I remember bragging to all my friends about how amazing and independent you were - tending to your lawn, house, garden, and dogs into your late years. I'll miss picking apricots from your tree out back, walking the dogs to the waterpark together, listening to your police scanner, juggling the soccer ball in your yard, having lunch at Michael's on the water, looking through your old photos, playing kings corners, and most importantly your lovable smile. I know you lived an amazing life, and I'm just glad you were able to share some of it with me. Love you always, rest in paradise <3.

“ I was fortunate enough to be her great grandson. I enjoyed every visit we shared. Going to the sand dunes, shopping at Wal mart, listening to with her and her police scanner, eating dinner at our favorite restaurant and playing cards after dinner. She will be in my thoughts every time I play kings corner. I love and miss you and will never forget what a caring and loving person you were <3

Thank you so much for coming home from Hawaii for a special trip to see grandma over Labor Day weekend last year as that was the last picture we all had together at her house. Your instincts were spot on and I know how special she was to you. Thank you for your loving post and always being there for me. I love you.

“ Growing up in the neighborhood, Hazel and Chuck were like family. We spent many trips together camping side by side. I recall Hazel and mom sitting in the back yard sipping on their sodas and getting suntans from the knees down. Hazel loved her dogs and loved working in her yard. I will always remember that Tennessee drawl. Hazel will be truly missed. She was such an inspiration with her positive attitude and zest for life. I'm sure she is with Chuck, and mom and dad, doing the things they loved best....fishing and camping.

Thank you for posting Cindy. We visited your mom until they wouldn't take us as visitors any longer. They were best friends. Both amazing women are hopefully playing cards and laughing together with Garth and Chuck.

I hope you are doing well, Sherry. I know you loved your Grandma dearly! I still have the deep pain of losing both my parents. It's a void that will never be filled. But we know that they would want us to be happy and continue on. Let me know if there is anything I could do for you. Take care.
