“ *I will be forever grateful that I got to see Uncle Buddy a couple weeks before his passing. I have such good memories of his and aunt Anita's support when my dad was passing. They came over in their RV and they were just there for me. They both shared their apples, great recipes and their love with us over the years. They were often hosts to my daughter and her church group friends going to Creation at the Gorge. Uncle Buddy, you are united with your beloved wife and daughter Barbara now. Rest in peace. We'll miss you*

“ *Buddy just joined the love of his life, Anita in Heaven, in the presence of God. I will miss not seeing him at Shari's Restaurant and saying, "good morning Buddy" I have many great memories of Buddy and Anita throughout the years of raising our girls in Mae Valley. My condolence Tara dn Family.*
