“ On hearing of my grandfather's passing I thought back to so many fond memories of him; camping, fishing, golfing, sitting in his barbershop, and watching sports. Those memories will be with me forever.

We've created a memorial site at americanheart.org for anyone that would like to share memories or donate in his memory. It can be found by going to the Donate page and searching for Hugh Elkins.##imported-begin##Mark Elkins##imported-end##

“ I have fond memories of time spent with Hugh and Macel. He told me many times that I was still one of his daughters-in-law. He loved to take his grandchildren fishing, loved his golf, and loved his family. He will be missed.
