“ Rick and Jamie, we were very sorry to read about Janel's passing in tonight's paper. Having Janel as a next door neighbor was one of the best parts of living on United Ct for the 10 years we were there. We felt at home the day we moved there because of her. We were glad that we went to Courtney's party and were able to see Janel. I'm sure she was in a lot of pain but she was still her usual friendly self and even made it a point to get our new address before we left.
