“ Jan was such a sweet soul - I have special memories with our trips to Spokane in the station wagon, and she always came back with that car full of Christmas presents for her grandkids. She loved and adored those kids and her poodles. We shared many stories about our dogs and how special they were to us last I talked to Jan was during spring fest a couple years ago she went to be deeply passed by her grandkids, and I pray that her and Joe are celebrating their love

“ I have missed her a lot. She would come "running" in to work with her bags, barely making it. She was a force to be dealt with, especially when it came to Joe's healthcare. If she wanted it, she got it. She was good with people and her patients enjoyed talking to her.

I have so much more to say about working with Jan but not enough space.
