“ Dear Thomas family, this is Dennis Hebdon, from Mattawa. I became acquainted with your family when they live at Vantage. Then moved to Royal, to the farm where you all grew up. Bro Thomas was a great friend and neighbor, and our thoughts and prayers are with you all. Be good, live right, and at a future time and day, you will get to see the loved ones who have graduated mortality, and returned to the home we came from to here.

May God's choice blessings be yours at this time.

Dennis and Mary Ann Hebdon

“ One thing was important to Grandpa Jack: FAMILY. It was all of his kids, grandkids, great grandkids. He hugged us close, yelled across the room in excitement to see us and was always “shocked” that all of us would get together at the Farm to be around him! His humility was one of the coolest things, he made us feel important by being grateful for us to have made the trip to see him when, in reality, we were all blessed by his presence, his stories and his love for us!

A lot will be shared today about Grandpa Jack! One thing that we will all talk about is his ability to give us a good laugh! His 90th birthday party was a direct representation of his ability to be a stand up comedian! Maybe it was because he was old and we didn't expect him to say most of the stuff, I think it's because he knows the importance of making people smile and he wanted that for us at all costs!

Here's a laugh that I stumbled on a couple days after hearing he had passed: I've been his great grandson for 30 years and he still hasn't accepted my friend request on Facebook! If you have a chance to scroll through his posts, this is one of the few!

His legacy is to keep us laughing, to keep us smiling. He wants us to emulate his hugs, his excitement for others and to love your family more today than yesterday! His legacy isn't the Farm, it isn't Silver City or the fact that his entire house is made of stacked 2x4's. His legacy lives in us. SO LAUGH, SMILE AND HUG TODAY! That's what Grandpa Jack wants us to do!
