“ Granpa! I miss you dearly. I miss your strong deep booming voice when you called for me late in the night. I miss our trips to the "rancho". The times we bucherd our goats and the laughs we had when we came across something fun at "goodwill". I miss our talks about when you were younger and on how you always wanted the best for your family. I am eternally greatfull for you being able to see my children *Kassandra, Nathaniel, Baby Alejandro and Pricillia*. Our last few years together were tough but I'll never forget them, because the kids, *Patty and I* were fortunate enough to be there for you and granma like no one else was able to be there for you. I now know and understand by what you've said to me in the past "My legacy Will live on through you Because you were here for me, but dont dont get greedy because I love you just as much as all my other grandchildren." Me and my family will miss you forever. Everytime your "little Alejandrin" looks at your Picture, it doesn't matter where it's at he always look at it and says "My PAMPA!" And he still to this day looks for you. Thank you mucho for teaching him his first steps with you and your walker. What I miss most of all is you your strong hand shake. I love you and I will always miss you.##imported-begin##Alejandro S Hernandez##imported-end##

“ Dearest grandpa, I am so thankful that you were part of my life. When I think of the sacrifices you made just so that your family could have a better life, words cannot even express how grateful I am. Every single time we would come visit you would stop what you were doing to tell us a story and then when we would leave you would sing us a song and send us off with a prayer. Your faith in God has been the cornerstone of our family and I for one will miss seeing you sitting in your chair waiting to welcome any one who walked through your door. I will miss you but take comfort in knowing you are not in pain anymore and that you are with the Lord and He is saying "Well done, Good and Faithful servant."###imported-begin##Aida Rodriguez###imported-end##
