“ When working at Walmart back when I lived in Moses lake she was one of the few customers who greeted me every time she came in and would chat for a little, she was incredibly kind, always giving me recommendations for any outdoor fun/activities to try and fearless, always had a smile on her face . May she Rest In Peace ☐

“ Kathy was our youngest sons first childcare provider. As he was a baby he called her Kacky- as he couldn't get the -th sound - forever she's been Kacky when we see each other. My heart breaks for her family. She was such a positive person despite life's challenges. May you have peace with all the wonderful memories and love.

“ There are so many good things to say about the type of woman Kathy was, but there is definitely not enough space or time to list them here. If you were lucky enough to know Kathy, you knew that she did not have an unkind bone in her body and she would bend over backwards to help if anyone needed it. She will be forever loved and missed! Until we meet again! -Andra, Buck, Connor, and Abigale

“ i first met kathy when she was about 12 years old and lived next door to my mother. over the years that quiet little girl blossomed into a beautiful loving and caring young woman. she always had a smile and a hug for those around her. she went on to have a beautiful family and was a sucessful realtor. she always kept that inner beauty she had within.. although she was a tiny thing she loomed way above the rest of us. she always gave 150% to everything she did in life. she met cancer head on and fought to the end. the world will be a bit empty without her. we will miss her smile, her laugh and that twinkle in her eyes the stars in the heavens have a new recruit tonight.

shine on bright dear Kathy

“ For Katheryn's Family,

All of us here at Columbia Basin Cancer Foundation were devastated to hear that Katheryn has passed away--she fought her battle with so much courage and determination! Cancer is such a dreadful disease, so I hope it is some comfort to you that she is at peace now, and doesn't have to struggle or suffer anymore. I know she will be deeply missed. We are keeping you in our thoughts & prayers!
