“ *Even though I didn't know you well, you have always had the biggest heart and were very generous to donate your time on several occasions. I organized a bike and classic car show a few different times at a couple of the nursing homes I worked in. You and your Brothers would spend the afternoon providing rides, memories and smiles to many of my Residents. You even took me for a ride a couple times! Thank you Mike. You will be forever missed, and always have a special place in my heart.*

“ MJ and family, I am so very sorry, for this loss!

My oldest daughter and I were talking just yesterday about Mike. She may be engaged in the near future and we talked about mine and Rob's wedding. We were going to ask Mike to bless us (when it is time) to marry our kids.

Mike had such a loving soul, he had a sweet and humorous charector (under his sometimes gruff bikerness), and was all around awesome and amazing in every way! !!!!

I remember when he asked how to dress when he married me and Rob.

We had a Gothic wedding and I said come as you usually are. He said, good I have a bike rally after this!

I'll never forget the day I married my best friend!

When I moved here 10 years ago to be with my then future spouse, Mike and MJ where my first neighbors and I believe 1st friends.

My youngest daughter (now 13 years old) loves you two! We were planning a visit in the near future.

My poor baby is going to be broken hearted, just like the rest of us....

Mike, where ever your higher power and heaven land you, thank you and your wonderful MJ for being a very special and important part of our lives, through my mom's death and of course mine and Robs still amazing love and marriage!!!

You will definitely be missed by our wonderful blended family of 7!!!

MJ even though you haven't seen us in a long while, please know that we love you dearly.
