I tried to make an audio video with proper licensing and all, but it's still getting blocked with copyright claims for the songs even with the purchasing of song attributions. So instead I'm just posting the pic slide show. Maybe this is better anyway so people can play their own favorite songs along with it that they feel represent their relationship with her.

I tried two different play lists which if interested were as follows:

Song list 1:

Fabric of life Pete Masitti

Purpose Justin Beiber

How great though art Aled Jones

Amazing grace Celtic Women

Go Rest High on that mountain Vince Gill

Ave Maria Celine Dion

Song list 2:

Beat you there Will Dempsey

Well done the afters

When I get there Pink

How can I help you say goodbye Patty Loveless

Where here heart has always been Alan Jackson

Lead me home Jamey Johnson

So grateful for the time we had these last several years with grandma. We didn't live close growing up and didn't see each other often or even speak much. But it was fun getting to know her, listen to her stories, and enjoy time with family and friends. Love you grandma. Miss you... till we meet again ❤️
