“ *Many years ago I was fishing Rocky Ford Creek, it was a chilly day in the late autumn. I crossed paths with Bill who was fishing the creek. We stopped and introduced ourselves. Bill invited me to his camper for a cup of hot coffee where I met Susan (long time ago Susan!). Years later we renewed our friendship and kept in touch. I looked forward to seeing bill at the local fly fishing club meetings. Bill was a generous man and thoughtful of others.*

I'm going to miss Bill. Best wishes to Susan and all of Bill's family and friends.

“ *I wasn't fortunate enough to know Bill well or interact with him very much, but it was still very clear to me that he was a selfless man who's primary concern was helping others and leaving things better than the way he found them. My sincere condolences to the family for their loss of this great man. Rest In Peace Bill.*

“ Bills passing really brings to light... "Life is but a vapor". Im so sorry for your loss Susan. I'm so grateful that you have some really good friends and family that Love Bill and you so much. The comfort through this is that I know Bill and your foundation was built on the rock. Jesus tells us the trials will come... and they have...but the difference is during our early trials we know that we will be bent but we won't break...It is so comforting to know that Jesus loves us so much and Bill is at home in His arms. Love you Sister!

I am related in a way to dear "Brother Bill". He came into my life when I was just 14yrs. old... Memories are wonderful, and Bill made some good ones... From Poppy Seed Cake, to Potato Salad, Macaroni Salad, and his famous "Moose Meatloaf"... Bill always greeted will a "Howdy"!!! His first car was a Ford Farelane... He called his Grandma, "MeMe"... He'd keep you out in the Boat fishing from Morning until night... I'm glad I had time in my life to have Brother Bill... As time went by Susie became his Life... I love you Susie... I will never forget the good times... In Christ's most Holy Name, Amen... See you in Heaven where all good Soul's go... Love, Rosan. 🌹 (Rosan Michele Cocking, Seattle, Washington...)

Bill was my shooting, hunting, fishing, reloading and adventure partener for 10 years. He always had grand ideas and got me excited to help him make a plan come together. We shared hours together in duck blinds, with the conversations of our growing up with a gun or fishing pole in our hands.
Bill wasn't an electrition or a carpenter but he had mastered the gift of gab which got us some really nice hunting spots. I miss him dearly but i do have memories of a lot of our adventures. I am sure he has GOD's ear on how to get operatons more stream lined.
He was such a gentle giant with a happy word for most he met. We shall meet again my friend.
