Being her little sister, when we were growing up I was what you could call a pain in the get-a-long. We all had chores & mine was to dust & dry the dishes, well you can about imagine how that went. She was a get to it gal all her life so if I didn't do it fast enough she would take over & of course I would let her. Mom always told her to leave it be until I did it, but she didn't have that kind of patience with me. I will miss her terribly, as we got older we became very close. I am so glad I made the trip out to see her & spent 2 weeks with her. Love you, Sis, & will be missing you everyday.

Phyllis, you were one neat gal and I for one will miss hearing about Janice telling of your visits, I met your daughters at Jan's wedding anniversary, such super gals, I hold your family in my heart and prayers. RIP and I can only imagine the welcome party that was waiting for you when you crossed that line and went "home"

Phyllis was a very special dear friend that I was blessed to have in my life for five years. Her kind, warm personality gave you the feeling you knew her forever. She never knew a stranger, everyone who passed her way she greeted with a wave and smile and a welcoming invite to be her friend. She was inspirational and always brought love and laughter with her when she arrived into the social room for coffee. Her spirit lives on in my heart. Love and hugs to all her family. There is a huge, empty hole in everyone's heart who ever spent even 5 minutes with Phyllis. I was fortunate enough to have spent a good part of the past 6 years with her at Pioneer Village. I will miss that big smile that lit up her whole face & made her eyes sparkle, I will miss the way she giggled with her hand by her mouth, I will miss her kindness & gentle spirit. My heartfelt sympathy to all of her family, she will be missed so much by so many. Barbara Sloan
