“ Dear Family, My sincere condolences for your great loss. My gratitude and thanks for the wonderful times we had together. in the early 50's Buck ask if he could buy my dog, I was very happy to sell it to him because that dog never liked me, but Buck loved it and it loved Buck, so those two became friends imediately. Buck also taught me how to play my first song on the guitar. That pretty well discribes some of Bucks good character. Peace and Love to you and Buck in spirit.
Love and Blessings

“ Greetings, I happened across the obituary for Richard Wayne Cariveau today.

My sincere condolences on your loss. It is always hard to say good bye to the ones we love when they have to go.

I never met Richard (or Buck) as I understand he was known. We are distant cousins from Minnesota and share great-grandparents. (Richard/Regis Cariveau and his wife Minnie were my great-great grandparents)

If anyone in your family is interested, I have been researching our family history for many years and I have ancestry charts for Richard's Dad that go back to the 1600s that I'd be happy to share with you.

Again, my heartfelt sympathy at this difficult time - feel free to save this email and contact me later if you'd like - I'll be around and love to meet family all over.
