“ Bob was a very good friend from the time he arrived at Fairchild AFB, WA. We worked together until I was discharged in April 1957. During that time we hunted and fished together and was involved in many other thing together. I was some older than he was and was an old sarge to he and others when they arrived. I was always glad to be associated with the younger fellows when they arrived and always hoped that they could learn something from me and I always learned from them also. The 92PMS was a very good outfit and there was a lot of camaraderie between us and still is today as we see each other every two years at our reunion. God bless the family in your loss and may he comfort you day by day. Jimmy###imported-begin###Jimmy Phillips###imported-end###
