“ I will always miss you daddy. I can't believe this is really happening. You supported me through everything and loved me through all my success and mistakes. You were an amazing dad. You were made to be a dad. You taught me to love hard and how to stand up for myself. We joked about how you taught me how to be a strong man. You were so gentle and kind and always were there for me. With all my health stuff, you were at every appointment and always there when I woke up from surgeries. You protected me with unconditional and unwavering love and I will never forget you. I am thankful you are no longer in pain. I am sad however and selfishly wish I could just hug you one more time.

Thank you for all you taught me and all of the love you gave me. I am who I am because of you! You saved me dad. You were and always will be my hero. When I wanted to give up you never let me, you held me when I didn't want to fight anymore.

Rest in peace

Commander Davis. You served your country for 22 years and you were the best father this little girl could have ever asked for. I love you.
