

Roselee Williams Proctor

October 11, 2023

Roselee Williams Proctor, 85 from Ephrata passed away on October 11, 2023 at Columbia Basin Hospital.

She bravely battled cancer until the last month when the struggle became to great. She had a beautiful life, graduating from high school in Montrose, CO and marrying the love of her life the next day. She and Cecil spent 67 years together. The past 58 years in the same house. She was the youngest of 8 children, of whom have all passed. Growing up in Colorado she loved the outdoors and all the adventures. She loved fishing and hunting, camping, as long as there was a trailer or motor home, no tent camping for this lady! She has the family record for largest elk rack of which she proudly displayed in her home for many years before passing it down to her grandson. She loved traveling by car to take in all the beauty of the U.S. I think she covered most of the states at least once visiting family and friends or just going somewhere new. She had a passion for the casino. The local tribe or the big city Nevada places, she loved them all and was a frequent driver for friends to go on a lunch date to try their luck. She was the glue that kept the family together, kept everyone informed of life events and made sure everyone was up to date. She never knew a stranger, could talk to anyone, anywhere, about everything! Volunteered her time to almost anything. Organizing events and gatherings was her thing, we could always count on Roselee to be “cooking up” something. She loved her crafts and sewing, making gifts for family and

friends, holidays or special events.

She is survived by husband Cecil, son Raymond and his kids, Jacob(Robin), Megan(Pat) and Matthew. Great granddaughter Lorin.

Daughter Sandy(Dan) and her kids, Michelle(Nathan) and Tim(Jennifer) Great grandkids Bailey(Zach), Colton, Gracie, Emma, Morgan, River, Beckett and Mason.

Roselee would love to have everyone gather Sunday October 22, between 2-4pm, for a celebration of life at the Soap Lake Senior Center.

Previous Events
