

Ryan Washburn Larson

January 2, 1977 - February 23, 2026

Ryan Washburn Larson, 49, of Moses Lake, WA, passed away peacefully on February 23, 2026.

Ryan was born January 2, 1977, to Larry and Jennie Larson, also of Moses Lake. An athletic but shy kid, he excelled at soccer and baseball and loved playing on the state-ranked soccer club, The Cosmos. He graduated from Moses Lake High School in 1995 and attended Washington State University for a time.

Ryan struggled with schizophrenia most of his life. Among his loved ones, he was an incredibly thoughtful and creative thinker and artist. He loved books, music, and philosophy, and his memory was like no other.

He is survived by his parents, Jennie and Larry Larson of Moses Lake, his brother Kene (Cassie) of Olympia, and his sister Jamie (David) and three nephews, Colt, Dash, and Jack, of Copenhagen, Denmark.

Ryan's courage for life and learning, even through the darkness of mental illness, will be remembered always.

Arrangements are under the care of Kayser's Chapel of Memories.

“ I will always be grateful for all the time I got to spend with my friend Ryan. Growing up next door we spend countless times playing sports and hanging out. My favorite memories will always be the backyard football games or basketball in the driveway. Of course the camp outs or sleep overs at each others houses as well. But the very best times were always on the golf course. Playing the same 2 holes over and over again in the evenings just the 2 of us. We always were competing against each other but at the same time just had the best times. He was always one of my best friends and I will miss him always. Thanks for the memories my friend.

“ I saw of Ryan's passing and wanted to send my condolences. Although I didn't know him personally his father, Larry, was our family attorney and was an incredibly good and kind person, so feel awful for Ryan's passing. May peace be with the whole family, God bless you all.

Jenny and Larry,

I'm really sorry to hear about Ryan's passing, my condolences to the family.

I considered him one of my own, especially after coaching him since he was a 9 (or 10 years. He was a quiet and polite young that any coach wants on his team. I think he really enjoyed playing defense, and I liked him playing there because of his speed. I was very confident in his ability and intelligence.

I knew not too many soccer forwards were able to get passed him.

I wished I would've been able to see him again...we'll miss you.

Rest in Peace Ryan.

“ *My friend and very sweet neighbor. We shared a love for the same music and the arts. You were such a good friend to my kids. Kristal came home crying from school because a boy took her caterpillar she found. You went and found her a new one. You helped her make a home for it and it eventually made a cocoon and you then helped her release it when it broke free. You will always be remembered as bright, fun, helpful and one of the greatest friends.*
