“ Dear sweet Shannon you always had a way to make my day better. We always had fun together listening to your music and many good talks. You always greeted me with a hug when I went to your house. You always said we just like to have fun, don't we? Well Shannon, may you RIP and the angels look after you. I will miss you.

“ Debra Harris

Shannon loved going to church and she looked forward to going every Sunday. I was privileged to be one of the ones that mostly took her there. Her church family loved her so much and was always glad to see her. They gave her hugs all the time. The pastor son would always love to see her and always gave her hugs every time she came. I will miss taking her to the church she loved so much. She was truly a blessing to know and love. Heaven gained a wonderful person. I miss her everyday and this world will not be the same with her not in it.

“ I will always cherish the memories I have of my dear friend Shannon. We did many things together over the past 15 years, going on long drives, going to the parks, concerts etc and throughout that time, she was truly the life of the party. Shannon had a way of lighting up any room she entered, bringing laughter and joy to those around her.

One of the things that stood out about Shannon was her unwavering kindness and sweetness. She had a heart of gold and would go out of her way to make others feel loved and appreciated. Whether it was a simple act of kindness or a grand gesture, Shannon always made people feel special.

But it wasn't just in grand gestures that Shannon's kindness shone through. She had a way of making everyone around her feel special.

As I reflect on the memories we shared, I am grateful for the time I had with Shannon. Her kindness, sweetness, and zest for life will forever remain in my heart. Though she may be physically gone, her spirit will live on, continuing to inspire and bring happiness to those who were fortunate enough to have known her.

Rest in peace, dear Shannon. You will be missed, but never forgotten.

“ Shannon used to greet me with a hug every time I saw her. Even if I just walked out of the room and came back in. She was ALWAYS excited to see me, and everyone for that matter. She was the first to notice if I had a new coat, or new shirt and would tell me how much she liked it ! She congratulated me for days when I bought my first car, she encouraged me when I would progress in work, and when I finished my trainings. She would tell me how good of a cook I was every time I made her a meal. She was always appreciative. She never left a thank you unsaid. And every time I would leave her to go home I was sent off with a “I love you my friend, thanks for coming over” “I’ll miss you!” Special is such an understatement as to who Shannon was.

“ My sweet Shannon. I truly believe god led me to where I am today so that I could meet you. You taught me so many things during the short time I got to work with you. You brought me nothing but smiles every day I saw you. I will forever remember your beautiful soul and the mark you left on me and everyone around you. I am absolutely honored to have been apart of your life. Hold your hand, tickle your back, sing songs with you, walk you to your mailbox, paint your nails. I loved everything about you, and I always will. You will always be my hero. I want to be like you when I grow up. And when I get married, and have kids I will think of all the times we sat and talked about how excited you were for me getting married one day and having babies for you to meet. I will walk this earth for the rest of my life with a reason to smile and be grateful because of you. Rest in Peace my friend☐

“ To know Shannon was to love her! There was never a dull moment when she was around. She was always ready to party, sing and dance. She was so full of life and the most energetic 82 you'll ever meet. She touched so many lives in those 82 years and was such a big part of her community. Shannon never let his disabilities stop her, she was the most positive person and saw good in everything. Checking her mail, kitties, the color green, her family, bowling, her friends, and DCL staff all brought her so much joy. Life will literally never be the same. I hope heaven is everything you hoped for Shanny! ❤️

“ Shannon was a bright light, chatty, fun loving and kind. She never missed an opportunity to celebrate and was always ready to host the party. She loved gathering her neighbors, staff and friends for karaoke, dancing and cake.

Shannon loved her family, friends, DCL staff, kitties, the color green, diet Pepsi, bowling, shopping, music and holidays.

She adored everyone and never had a bad day, Shannon was an example to all, and taught us more than we could ever teach her.

The world is a bit dimmer without her

We will miss her everyday. .

Oh Shannie, I love your sweet soul. You taught me how beautiful time with yourself can be and how to make your own joy. I enjoyed seeing you on the back porch in the sun...listening to your headphones blaring great tunes with a cold Diet Pepsi. You would sing, clap, and laugh the afternoon away. We always had our hug to get the day started. I will always love you for making life brighter and kinder. Keep dancing ❤️
