“ Condolences to the Johnson family. I was a friend of Steve's sister-in-law Barb Hawkins for many, many years. I remember that we "little girls" thought Steve was so, so handsome. And I remember Barb's excitement for her sister's wedding. My prayers are with you all.

“ I remember Steve only because he was Kay's boyfriend! I was just a kid but i do recall that he lived on Donnally Road, had a crew cut and was very nice....and handsome!! Perhaps he worked for a bit at the Evergreen store... AND I remember that even way back he had a fondness for the water.. he had a boat even then i think? My love goes to you Kay and to your family. We never forget those we grew up with. Sending a big hug. Lisette Roozen Mast

“ Steve was AWESOME

*He truly had a good life. How lucky was I to have him as a true best friend. How many guys do you know that actually own a flowbee and use it on the kids himself and even the dog I bet its in a box somewhere in the garage. The adventures we shared were so much fun we always seemed to wind up with the same stuff. I remember the time he made me drive Kirts Blazer well that was all it took we all wound up with matching Blazers. I still don't know why we wound up owning the gordini's. we even all had matching cameras. I really had to laugh when he took Amy down to alderwood mall with my trans am she must have been 14 or 15 and he let her drive it well of course she had to have one . I did things with Steve that I never would have had the opportunity to do if it wasn't for him. These were the best times of my life. The car shows the drag racing sprint cars driving all over the place buying car parts. Kirt and I would always laugh and stand back and watch the master haggler at work. We did it all and wearing our uniforms, coveralls mine were always the cleanest. My retirement plans were to put on the coveralls and go to Moses Lake and just hang out in the garage and watch the thousands of hours of water ski movies in the back of Oskar. We shared the good times the bad times and the family tragedy's together we respected each others options on everything. I am a better person because of his friendship he was a giver not a taker and loved his family as I love mine. I will never forget the times we spent together but I must tell the truth when the water ski movies came out I was out of there lol. Steve could have been a entire issue of Popular Mechanics Magazine he was the most creative person I have ever known. I am going to miss him. I have a vision of him running around Heaven in coveralls with a pack of all the dogs he ever owned running behind him. I have been crying while I have been writing this. Thank God we crossed paths. This weekend I am going to drive up to chuck wagon and get a burger and a black licorice shake just like the good old day's. I should warn everyone I will be wearing coveralls at the service*

Dutton Clarke - June 03, 2014 at 01:32 PM

*My heart is sad to hear of your passing ! I have only known you for a handful of years but each time I saw you with Dutton there was always a wonderful throwback story to be heard A picture of a car or of something being built that we could see . I am glad to have had the privilege to have known you . I wish your family peace and comfort in the knowledge you are looking over them and knowing they will be comforted by many and will see you again. I got to read the post from your best friend and knowing him as I do he will be wearing those coveralls at your service! Big hugs and prayers to those that you will see in the future !*
