“ Teri and Tom were our neighbors in Kingston before they moved to Moses Lake. Teri and I were both assistant teachers and had many conversations about working with children. She was a fantastic cook. She cooked venison stew one New Years Eve and homemade clam chowder for those that may not like it. She had a huge garden in Kingston. She spent many hours weeding and tending the garden. She was a fun, vivacious woman and she will be missed by all. RIP Teri. God loves you.
