“ I loved Wanda's heart and being able to help her with the book she worked on so often. She had great vision and prevention and she was creative and dedicated to this project. I wasn't able to work with her on her book after she moved from Yelm but I pray she finished the book and it will reach people in the future. I will miss her in my life!❤️

“ Wanda was a close family friend when I was growing up. I remember being a guest in her house while I played with her daughters. It was such a fun time in my life. I am so sorry to hear of her passing. She was a special lady who offered so much in this world. She will be dearly missed by all those who had the honor of knowing her. Jen Overton(Humphreys)

“ *I am ever so honor to call Wanda my friend. My one greatest regrets is not to have met her earlier in my life. She made such an impact on me and so many of her students. She had a rare gift in connecting with people and such a variety of animals. Her wisdom and her passion will be greatly missed. Wanda was one of the toughest and bravest people I know. I am proud to call her my teacher, friend and mentor. Jesus you have gain a special angel in Heaven today.*
