“ I am so sorry that I cannot be with you all on Saturday. I will be thinking of you all deeply in my heart.

Wayne was my first cousin and we grew up together. He was always very kind to me.

One of my favorite kid memories of Wayne was reading comic books together. He was brilliant even as a child and he helped me to learn how to read.

I loved to walk around the farm with him and giggle at the piglets. The farm will always be such a very special place in my memories. Thank you!

My heart goes out to Irene, sent with a huge hug.

Love my family lots
