ES

“ I watched Yvonne embrace the gospel of Jesus Christ when she was taught by the missionaries at the invitation of several of the residents at the assisted living center (Brookdale). I remember he telling me that when she was baptized and confirmed a member that she felt like she was "coming home." Within a year she attended the temple and received further light and knowledge and made additional covenants with her Heavenly Father and Savior Jesus Christ.

I had the privilege of serving as Yvonne's bishop and also as her home teacher. We enjoyed many wonderful visits over the years. Later, when she went to Columbia Crest (across from Chief Moses Middle School) my visits were less frequent. However, Sister Connie Johnson would visit her regularly and report to me how she was doing. Connie was devastated to learn of Yvonne's passing.

I remember that Yvonne spoke lovingly of her daughter and was very proud of her, and I believe, a granddaughter.

I am very glad to have known Yvonne.
